Banker and immensely rich though he is, he uppears to have some regard for equal and exact justice, as his paper among other things will favor an income tax, and fight the trust system. The Verdict starts out with the declaration that it will stand for Democratic principles. It is not what a manufacturer says about it is not what a manufacturer says at their of discussion in Cougress and in patient, but what the medicine does.

Ballard's Horebound Syrap does the press, but it will not turnish the is-it will be conducted. The was against the interest the press, but it will not turnish the is-it will not furnish the

worse men than Bryan, who is himself worthy enough and comes only to be a uenace as the exponent of free silver;" but it says that should Bryan and free silver again find Democratic adoption, H Gen. Miles is not more careful in it will support them both. This is a bis talk, he may force an investigation healthy concession for a New York banker, and if he cas help us to bring about an income tax, and to down those "trade dead-fall; and dollar traps, the trusts," the other 6,000,000 or ,000,000 Democrats who supported silver again in 1900, and give the Ver- turned to the country. diet an opportunity to faifill its promise to support them both on that con-

THAT PROPOSED LEAD TRUST

The Bonne Terre Democrat-Register characterizes the St. Louis Republic's and combinations," etc., and can't imagine what induced THE TIMES to ment, realize their exact condition, and reproduce such silly stuff.

We can't see anything absurd or ensational in the article, although it may have overstated the capitalization of the St. Joseph Lead Company. The tendency at this time is toward centralization in all branches of trale, especially those requiring large expital The National Lead Company, which practically controls all the white lead exaggerated sense, all other nations manufacturing in the United States, is have in part been guilty of. Are we reported to be at the bottom of the deceiving ourselves as to the existence "But," I asked, "will not these rumored consolidation, and it has already entered the field in this county think that negro domination is a good for the production of lead—the raw tions, there is no doubt." The American Peace Commissioners fore, in its proposition to consolidate arrived home from Paris on the 24th all the lead interests of the State if inst., and the same day proceeded to possible, so as to more effectually control the output?

chairman of the commission. The St. Joseph Lead Company, the Des-President thanked the commission for loge, Doe Run, and Central may be the splendid results of their work, and averse to such a scheme; but the National already has a valuable holding in this county, and there are thousands of acres of other lead lands which it can secure, a good deal of which i ready to abrogate the Chayton-Bulwer controlled by organized companies that treaty, leaving the United States free would readily sell to it. The National s now a powerful trust, and having out claim or interference on the part parned its attention to mining for raw of England under that treaty. It is material for its white lead works, will held by some of our statesmen and not be disposed to turn back. I diplomats that it is fully within the would thus become a formidable rival power of the United States to terminate that treaty, but the friendly disposition shows by England in its will inguess to abrogate obviates any frieding that might otherwise bare and however much opposed.

Would thus become a formidable rival conformation of the St. Joseph and the other independent lead mining companies of the company. And there are signs of prosperity. And there are individual instances of it.

Mr. Day of Ohio, ex-Secretary of State, in the parton: and however much opposed to be supposed by the parton: and however much opposed to the standard Oil Company. No, the money of the favored class of like nature. He believes the same to built not the mortgages of their class, in the confident in the other different class. No, the money of the favored class will not go back among the people. All these are signs of prosperity. And there are individual instances of it.

Mr. Day of Ohio, ex-Secretary of State, feeturers. Next Christman it will tion that might otherwise have arisen. they may be to the robber trust systive the Philippinos a show. As- tem, conditions might force them into Had Mr. Day retained his office of Sec. fed by this humane society." qualities of the devil-fish trust.

We hope the St. Joseph Lead Company, and also the Doe Run. Desloge, can republics, before they get tamed Central, Union, and all the others may cluded, looking at me over his glasses. "Five years ago," he replied, "there down; but that would be better than ever "hold themselves aloof from all for our Government to forsake its teach- trusts and combinations;" that they ings that all men are created free and may not only resist the temptation that equal, and that all government derives the trust holds out to the natural cu- 15,000 poor people yesterday at the flant.
